BYAMBAJAV LHAGVASUREN

Portfolio: http://www.mind.zenbull.io/

PROFILE

I am a third-year Information Systems Management student with a strong passion for programming and problem-solving. Seeking a remote work or internship opportunity to apply and expand my skills in gain practical experience in a professional environment.

EDUCATION

- ★ Bachelor of Science in **Information Systems Management** at the University of Finance and Economics ....Expected Graduation: May 2025
- ★ High school diploma from public school 48 .... Graduated in 2021

SKILLS

- ○ Front-end Technologies: *HTML, CSS, JavaScript, Bootstrap, Flutter......................................mid-level*
- ○ Back-end: *Java, C++, C, API(planned).. junior-level*
- ○ Database Management: *SQL...mid-level*
- ○ Version Control: Git..*mid-level*
- ○ Software Development Tools: Visual Studio Code, Visual Studio...*mid-level*
- ○ Problem-Solving: Debugging, Code Optimization, Research, Problem breaking down...........*mid-level*
- ○ Teamwork: Collaborative Projects, Communication Skills..*mid-level*
- ○ English*: ....mid-level*

PROJECTS

- ★ **Web Technologies/Radix technology, Profile web**………………... 2022
  - ○ Designed and developed an introductory website for RADIX Technologies plus my Portfolio.
  - ○ Technologies used: JavaScript, HTML, CSS.
  - ○ Website: http://radixtech.mn/, http://www.mind.zenbull.io/
  - ○ Learned: Developed an introductory website for RADIX Technologies using JavaScript, HTML, and CSS. Overcame numerous challenges by breaking down complex problems into manageable components. This experience honed my problem-solving skills.
- ★ **Mobile sample apps/Quiz, Travel, Weather/**..2022
  - ○ For instance: Developed a personalized app featuring quizzes and questions.
  - ○ Implemented interactive features and user-friendly design.
  - ○ Technologies used: Flutter
  - ○ Learned: The personal quiz app was initially designed for my personal use. However, upon completing the project, I came to realize its limited applicability to broader customers. As a result, my focus has shifted towards utilizing my programming skills to address real-world problems faced by others. This shift allows me to create meaningful value in the world by solving practical issues through software development
- ★ **Volunteer, Work experience**..2022-2023
  - ○ In the USA work and travel 2023: Responsibility, Independence, Time management, Soft skills
  - ○ Around the school, with the World Vision organization, my team collected 7,200$ in non-refundable donations for orphan support.
- ★ **Additional Information:**
  - ○ Enthusiastic problem solver with a strong desire to learn and adapt to new technologies.
  - ○ Proven ability to work on cross-functional teams and effectively communicate ideas.
  - ○ Committed to writing clean, organized code and avoiding clutter and complexity.
